UX/UI Designer

Chennai, Tamil Nadu, India

About Me

UI/UX Designer focused on creating user-friendly, and visually engaging digital experiences. Skilled in user research, wireframing, prototyping, and interface design using Figma and Adobe Creative Suite. Committed to designing solutions that balance usability, functionality, and aesthetics while continuously expanding knowledge of design principles, emerging technologies, and industry trends to create meaningful user experiences.

Education

UI/UX Design - Product Thinking	2026
Wed D School , Chennai	
Bachelor of Computer Science Engineering	2021 - 2025
CSI College of Engineering , Ooty	

Projects

Workflow Automation - UX/UI Case Study

NEXUS – is a Unified Generative AI Platform designed to streamline content creation, campaign management, and workflow automation within a single ecosystem.

Gamified Website - UX/UI Case Study

ASSASSINS'S CREED– This project is a cinematic, scroll-based gaming website inspired by the Assassin's Creed universe.

AR - Based skin care analysis - UX/UI Case Study

LUMI – is an AR - powered skincare mobile application designed to help users understand their skin through intelligent analysis and personalized recommendations.

Interactive Universe Explorer for Vision Pro - UX/UI Case Study
